The diagram illustrates a header file inclusion relationship. At the top is a gray box representing the header file: BB_Runtime_System/Private /SystemClasses/DamageDeltSystem.h. Below it are two white boxes representing source files. The left box is BB_Runtime_System/Private /SystemClasses/DamageDeltSystem.cpp, and the right box is BB_Runtime_System/Private /SystemClasses/StatSystem.cpp. Blue arrows point from each source file box up to the header file box, indicating that both source files include the header file.
