

StatSystem::AddStatModifier

StatSystem::RemoveModifier

AbilityAction::ReturnMod
StatMap

```
graph LR; A[StatSystem::AddStatModifier] --> C[AbilityAction::ReturnMod StatMap]; B[StatSystem::RemoveModifier] --> C;
```

The diagram illustrates a mapping from two methods in the StatSystem class to a single method in the AbilityAction class. Two white rectangular boxes on the left, labeled 'StatSystem::AddStatModifier' and 'StatSystem::RemoveModifier', have blue arrows pointing to a single gray rectangular box on the right labeled 'AbilityAction::ReturnMod StatMap'.
